**CBT for College Students with ADHD** Arthur D. Anastopoulos 2020-12-04 This book provides an overview of the ACCESS program, a mental health program that has been

developed and tested as an efficacious treatment for college students with ADHD. This program is at the cutting edge of clinical research, incorporating treatment strategies that allow for dissemination in real world settings in order to effectively assist college students experiencing difficulties in their academic, personal, social, and emotional functioning. As cognitive behavioral approaches have proved to be the most successful psychological treatments to date, the techniques in this volume follow that model in a detailed and nuanced fashion. The authors provide a week by week breakdown of the program, supplemented by handouts and worksheets designed to facilitate better understanding of the areas targeted by the program. Filling a notable gap in research addressing the ADHD college student population, CBT for College Students with ADHD is a crucial resource for campus mental health practitioners as well as a broad range of clinicians dealing with emerging adults.

*Kasher in the Rye* Moshe Kasher 2012-03-28 Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

*Shitty Printers* Blue Star Press 2018-02-20 "You can print from an iPhone®. It's the dumbest thing." - Bo Fahs, writer and host of Tele-Friends From the moment we began to digitize our world, we created machines that worked tirelessly to pull all that information zooming around back to the physical world. Enter: the home printer. Perhaps as payback for forming a nonsensical dichotomy, these printers couldn't just work. Not without a fight, at least. No. They insisted on screeching at plane-like decibels, plopping out pages at an excruciatingly slow pace, streaking only the most important documents, and running out of ink when you know you JUST refilled the cartridge. From the first consumer inkjet to more modern monstrosities, Sh\*tty Printers breaks down the worst offenders of our home offices. Featuring popular and exasperating home staples such as: • The HP Thinkjet 2225A • The Lexmark Z22 • The long forgotten Canon BJC-85 • and many more Each printer is beautifully photographed and ruthlessly torn to shreds as their individual strengths, weaknesses, and charisma are scored on sliding scales born from relatable frustration.
