**Microsoft Office Specialist MOS Certification on Microsoft Office 2013 MS Word, Excel and PowerPoint 2013 Exam FOCUS Study Notes**  
Exam REVIEW 2013-03-24 With the MOS 2013 exams, you will be presented with a project to build. Therefore, real world experience with the software is highly important. You should start by learning how to perform individual tasks. Then you need to "chain up" your skills and apply them on

the project to produce a meaningful outcome as required by the exam questions. The Word exam covers:- Create and Manage Documents- Format Text, Paragraphs, and Sections- Create Tables and Lists- Apply References- Insert and Format Objects  
The Excel exam covers:- Create and Manage Worksheets and Workbooks- Create Cells and Ranges- Create Tables- Apply Formulas and Functions- Create Charts and Objects  
The PowerPoint exam covers:- Create and Manage Presentations- Insert and Format Shapes and Slides- Create Slide Content- Apply Transitions and Animations- Manage Multiple Presentations  
The exams are all performance based with a project-like style - you need to build up an Office document or complete something according to the given specifications. There is a simulated environment for you to get your job done. To prepare for the exams, you need to know the various options available in the Office software. You know the options and functions available, then you can choose the right stuff and apply them in the correct order to achieve the project goal. You must have hands-on experience! This Exam FOCUS book focuses on the more difficult topics that will likely make a difference in exam results. We introduce and explain the important options in the software that you cannot afford to miss. The book is NOT intended to guide you through every single step in

the Office software. We assume that you already know the basics of using the graphical interface - you know the difference between single mouse click, double click, right click, drag and drop, press and hold ...etc, and you know how to select and highlight text and objects. **DO NOT TREAT THIS AS AN A-B-C GUIDE TO MS OFFICE.** You should use this book together with other reference books for the best possible preparation outcome. In the Office software you can usually achieve the same result using different methods. For example, once you highlighted some text you can either right click on the selection to access a small menu, or choose from the full blown menus (the ribbons) and toolbars at the top of the interface. Throughout the book we may use both methods for accessing functions and features. Also, keyboard shortcuts are available in the software but for exam prep purpose we will not use any of them unless required by the exams.

**The Administrative Professional Exam Study Guide 2013 Covering the CAP Exam and the Technology Applications Specialty in PowerPoint Presentation** Examreview 2013-04-02 According to the International Association of Administrative Professionals (IAAP), both the Certified Professional Secretary (CPS) exam and the Certified Administrative Professional (CAP) exam are multiple choice based. Starting from Nov 2011 the CAP exam will be offered as a single part exam.

The CAP Examination covers a wide range of topics. The new exam covers: Communication Organization and Planning Information Distribution Records Management Physical and Information Resources Document Production Financial Functions Human Resources As a CAP candidate, you are expected to know almost EVERYTHING. You do not have to be an expert in everything, but your peers will expect you to have knowledge on almost everything. Keep in mind, the phrase administrative professional is a general title associated with administrative support staff - you need to provide support whenever requested. Support request can come from different sources and may involve different disciplines. Even though you may not always need to provide hands-on help, you do need to know how to properly "redirect" and "allocate" the help requests to the proper places. Administrative professionals are expected to greet and assist company visitors and customers as well as managers, executives and their staff. They serve BOTH as frontline personnel and as backend personnel. They need to be good communicators. They need to be able to adapt to different personalities and work styles of bosses and peers. There isn't any affordable "official" self study pack in the market, so we fill the gap here by releasing the CAP ExamEssentials Study Guide. The CAP ExamEssentials Study Guide provides extensive and in-depth coverage on a wide variety of business and office management topics to help you prepare for the exam. Our CAP Study Guide goes the expert-advice way. Instead of just giving you the hard facts, we also give you information that covers the best tricks and practices. With these information, you will always be able to make the most appropriate expert judgment in the exam. As of the time of this writing, after obtaining the CAP rating you can apply for a TA Specialty by passing one of the Microsoft Office certifications. This Study Guide provides full coverage on the Microsoft MOS PowerPoint exam, which can satisfy the TA Specialty exam requirement. We use PowerPoint

2013 for demonstration in this book.

John Pierce 2013 Building PowerPoint Templates Step by Step with the Experts Echo Swinford 2012-09-28 Building PowerPoint Templates Supercharge your PowerPoint® presentations with custom templates and themes! Want to create presentations that are more consistent and cost-effective? Presentations that fully reflect your branding? Then don't settle for Microsoft's "out-of-the-box" templates and themes: create your own! In this easy, hands-on guide, two PowerPoint MVPs teach you every skill and technique you'll need to build the perfect template—from planning and design, through theme building, custom layouts, colors, and deployment. Echo Swinford and Julie Terberg have distilled

their immense PowerPoint knowledge into simple, step-by-step techniques you can use right now, whether you're using PowerPoint 2010 or 2007 for Windows, or PowerPoint 2011 for Mac. Well-built templates are the backbone of great presentations—whether building them for your own use or designing for thousands of users, this book will guide you through the process of creating the most effective templates. Important Note: Upgrading from older versions of PowerPoint, such as PowerPoint 2003? Your old templates may no longer work. This book will help you make the transition painlessly!

- Plan new templates and themes to maximize their business value for years to come
- Understand the differences between templates and themes, and how they work together
- Make better choices about color, fonts, and slide layouts
- Create efficient templates for individual users, teams, and large organizations
- Incorporate Notes and Handout Masters into your presentation templates
- Provide example slides and default settings that lead to better presentations
- Use Microsoft's little-known Theme Builder to create effects and background styles
- Work around hidden quirks in PowerPoint's advanced template and theme features

Echo Swinford, a Microsoft PowerPoint MVP since 2000, has been a featured speaker at the Presentation Summit (formerly PowerPoint Live) since its inception. She is the expert voice and instructor behind PowerPoint 2010 LiveLessons (Video Training), the author of *Fixing PowerPoint Annoyances* and co-author of *The PowerPoint 2007 Complete Makeover Kit*. Julie Terberg is a Microsoft PowerPoint MVP and featured speaker at the Presentation Summit. She is the owner of Terberg Design and has been designing presentations since the mid-1980s. She is co-author of *Perfect Medical Presentations*. As contributing author for *Presentations Magazine*, she won awards for her Creative Techniques columns.
